5 Easy Crafts to Make With This Kit

1. Paper Plate Animal Masks: Use a paper plate as the face, cut out holes for eyes, and decorate with construction paper, pom-poms, and googly eyes to turn it into a lion, cat, or monster!
2. Pom-Pom Colour Sorting Game: Glue coloured construction paper circles onto a sheet. Have your toddler sort pom-poms by color and match them to the right circle.
3. Toilet Roll Binoculars: Tape two TP rolls together, decorate with markers and stickers, and add a string. Use them to go on a pretend adventure or nature walk!
4. Craft Stick Puppets: Draw characters on a paper, glue to craft sticks, and add googly eyes or stickers. Perfect for pretend play or a mini puppet show.
5. Sticker Feelings Chart: Draw faces showing different emotions on construction paper and let your child match or add stickers based on how they're feeling.
